ocep@unavozunida.org

Visit: <http://ocep.unavozunida.org>

This is an opportunity to learn about the two major political parties in the United States. Speakers will give a background on their parties and help participants gain a better understanding about their party platforms. Speakers will also show participants how to get involved in their community.

The Odessa Civic Engagement Project is a project of Una Voz Unida of Odessa, a non-partisan, non-connected, 501c4 Non Profit organization. The Odessa Civic Engagement Project mission is to empower citizens by increasing their participation in the American democracy. We do this by providing education in local and county government, networking with other organizations, mobilizing voters, providing training and community information.
